Recognizing women in science and science-related endeavours

If you know a woman who deserves this recognition, why not nominate her? Share this with your friends. You don't have to be a woman to nominate someone. http://www.ct.org/_new/innovation/woi_nomination_pre.aspx. The Women of Innovation Planning Committee of the Connecticut Technology Council is seeking nominations of women in Connecticut for recognition of their efforts in the technology, science and engineering fields for the 2010 Women of Innovation Awards Dinner. The sixth annual awards dinner will be held at the Aqua Turf in Southington on January 28, 2010. Honored will be women who are innovators, role models, and leaders who work as researchers, educators, managers or service providers in technology, science and engineering. Nominees can come from such fields as biotech, pharmaceuticals, telecom, software, computer hardware, electronics, alternative energy, nanotech, medical devices, IT, networks, communications and robotics. Do you know a woman whose efforts should be acknowledged in science, engineering, technology research, or education, or is working in a company providing professional services to these communities, or is in a scientific, engineering or technology company management position? If yes, then please complete the nomination form by November 6th 2009.
